YEAR 3/4

COMPUTING

We will be looking at a range of programming skills and using simple algorithms to create simple games.

Children will also be using ICT to conduct research based around our topic.

MATHS

- Place Value
- Addition
- Subtraction
- Multiplication
- Division

The children will be tackling these skills through a range of methods and using them to solve different open ended problems.

FRENCH

Sandrine - Applied conversational French

DT

Children to look at soap carving and challenged to create their own Stone Age animal. We will also create our own class version of Stone Henge

HISTORY

We will look at the Stone Age to the Iron Age.

We will learn the three sections of the stone age. The Paleolithic, the Mesolithic and the Neolithic.

We will focus on how humans started to settle and how farmina started.

ART

We will be looking more into cave painting art work.

We will also be using clay to create artefacts for our archaeological dig.

SCIENCE

We will be looking at nutrition and how to maintain a balanced diet. We will be becoming personal trainers and delivery healthy plans for clients that come through our door!
